RATIONALE

TRIS Rating affirms the rating of “AA+” on guaranteed bonds of Boonthavorn Ceramic 2000 Co., Ltd. (BTV Ceramic 2000). The bonds are guaranteed by Kasikorn Bank PLC (KBank: rated “AA+/Stable” by TRIS Rating¹) and Credit Guarantee and Investment Facility (CGIF: rated “AAA/Stable” by TRIS Rating), a trust fund of the Asian Development Bank (ADB). The issue rating reflects the credit worthiness of KBank and CGIF as the guarantors of the guaranteed bonds.

KEY RATING CONSIDERATIONS

The rating on BTV Ceramic 2000’s guaranteed bonds reflects the ratings on KBank and CGIF. Under the terms of the guarantee, KBank and CGIF each provide an irrevocable and unconditional guarantee to cover 50% of the principal and interest payments for the guaranteed bonds. The guarantee obligations rank at least pari passu with all other present and future unsecured and unsubordinated indebtedness of the guarantors.

The rating on the guaranteed bonds also takes into account the following conditions:

- The guarantors are entitled to determine either to make the payment in full (accelerated basis) or in accordance with the original payment schedule at any time after the occurrence of an Issuer Event of Default (as defined in the Guarantee Agreement) or the receipt of a Demand (as defined in the Guarantee Agreement). However, KBank and CGIF will no longer have obligations to make payments, amongst other terms and conditions of the bonds, under the following conditions: 1) the bondholders’ representative, at its discretion, so decides to accelerate the bonds other than pursuant to a CGIF Non-Payment Event or KBank Non-Payment Event; 2) the issuer chooses to accelerate the bonds at its instigation; or 3) the bondholders’ representative does not deliver the demand for payment within a pre-specified period.
- The bondholders might not receive the payment portion guaranteed by CGIF in Thai baht if CGIF determines that it is impossible or impracticable and that reasonable efforts have been made to obtain Thai baht. In such an event, CGIF may make an equivalent payment in US dollars or such other currencies as it may determine. However, TRIS Rating views the likelihood of such risk as very low. TRIS Rating also holds the view that there is no such risk for the payment portion guaranteed by KBank, as its main functional currency is Thai baht.

RATING OUTLOOK

The rating and outlook on BTV Ceramic 2000’s guaranteed bonds solely reflect the creditworthiness of its guarantors, KBank and CGIF.

¹ The rating assigned to KBANK is based on public information which TRIS Rating believes that it provides a sufficient basis for the assessment of the credit profile of KBANK. The rating is assigned without the participation of KBank.

RATING SENSITIVITIES

The rating on BTV Ceramic 2000’s guaranteed bonds may change if the ratings on any of its guarantors, KBank or CGIF, change.
